

SOLYX®

SX-2070 Dry Erase Etch

Product Details

SX-2070 Dry Erase Etch film is a 5mil transparent white etch film coated with a premium dry erase surface and a permanent acrylic pressure sensitive adhesive. It has a clear polyester release liner. This film is recommended for application to interior glass surfaces. This film has a premium quality dry erase surface and is perfect for semi privacy, decorative or architectural applications where a dry erase surface is desirable. It is installed using the same methods for installing window films.

Flammability Rating

This product meets **Class B, s1, d0**, as specified in **BS EN 13501-1:2018**.

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.
